DEVELOPING DREAMS

ABOUT US

OVERVIEW

Plan D Studios was born out of the need of a platform which would provide more than what is expected and required by the client. With the sole mission of wanting to be one of the top ranked firms in the country in 3 years and then going on to be listed on the NYSE in a decade's time, Plan D Studios has been developing top quality products since its birth.

We design and develop Web & Mobile applications, software, ERP systems, CRMs, e-Commerce applications and SaaS applications. Search Engine Optimization (SEO), Social Media Marketing (SMM), Branding and Logo Design are some of the other services we provide. Within a year, the team has grown to a significant level with more hiring underway.

Keeping our resources top notch and multi-talented instead of flocking many people together has been our strategy so that more can be achieved in a limited time. We are a team of like-minded people who work for being recognized for quality by going the extra mile.

Welcome to Nikahfy

Connecting overseas Pakistani

Nikahfy is committed to provide its users with the best possible experience in finding a partner that they deserve and one who matches with their personality. Our goal is to help overseas Pakistani singles to find suitable partners for marriage so they can have happy married lives.

As our beloved prophet Mohammad (S.A.W) said, "There is nothing better for two who love each other than marriage" (Sahih Al Jami, 5200) "No house has been built in Islam more beloved in the sight of Allah than through marriage" (Wasa'il, vol. 14, p.3).

Genuine Profiles

There is a vetting process where all profiles will be reviewed, examined and approved before going live in our mobile app.

Prominence of Family

Our profiles are designed in a way that highlights the person's family, structure and the family values not just their individual traits.

Create Profile

We have an option that allows parents, siblings or relatives to create an account for anyone in their family who is single and ready for marriage.

Message by Chairman

Under the dynamic leadership of Prime Minister of Pakistan in line with the vision of Chief Minister of the Punjab, PHA Rawalpindi is all out to make Rawalpindi and Murree, Clean and Green. Although Rawalpindi City is congested and heavily grounded by concrete loaded structures, PHA will still carve out oasis of excellence by making available green belts, medians and parks, soothing sites for the residents of Rawalpindi.

PHA Rawalpindi has many projects to its credit but I will still invoke cooperation and support of the people of Rawalpindi to beautify main roads of Rawalpindi.

Asif Mehmood
Chairman Parks & Horticulture Authority Rawalpindi

Message by Director General

We are Passionate to create perfect landscape of the resplendent city- Rawalpindi.

It gives immense pleasure to see PHA transforming into a developed, modern quality staffed entity, empowered to provide citizens with a cleaner, greener and aesthetically enriched healthy environment. We are striving hard to achieve a flexible, transparent and qualitative working mode based on the principles of trust based partnership amongst public, private and non-government sectors. No doubt, in the present era of awareness and tremendous technological advancement, government entities direly need to come out of the stereotype outlook and approach especially those which are directly related to institutions like PHA, which is committed to ensure *Green Punjab*. It is a moment of pride for me to launch the first ever website of PHA and I am thankful to Allah Almighty, with whose blessings, we have been successful in this venture. We shall earnestly be looking forward to the valued suggestions from Citizens, Government Institutions, NGOs, Friends of the Environment, Educational Institutions, Horticulture Societies, Students and other people from all walks of life.

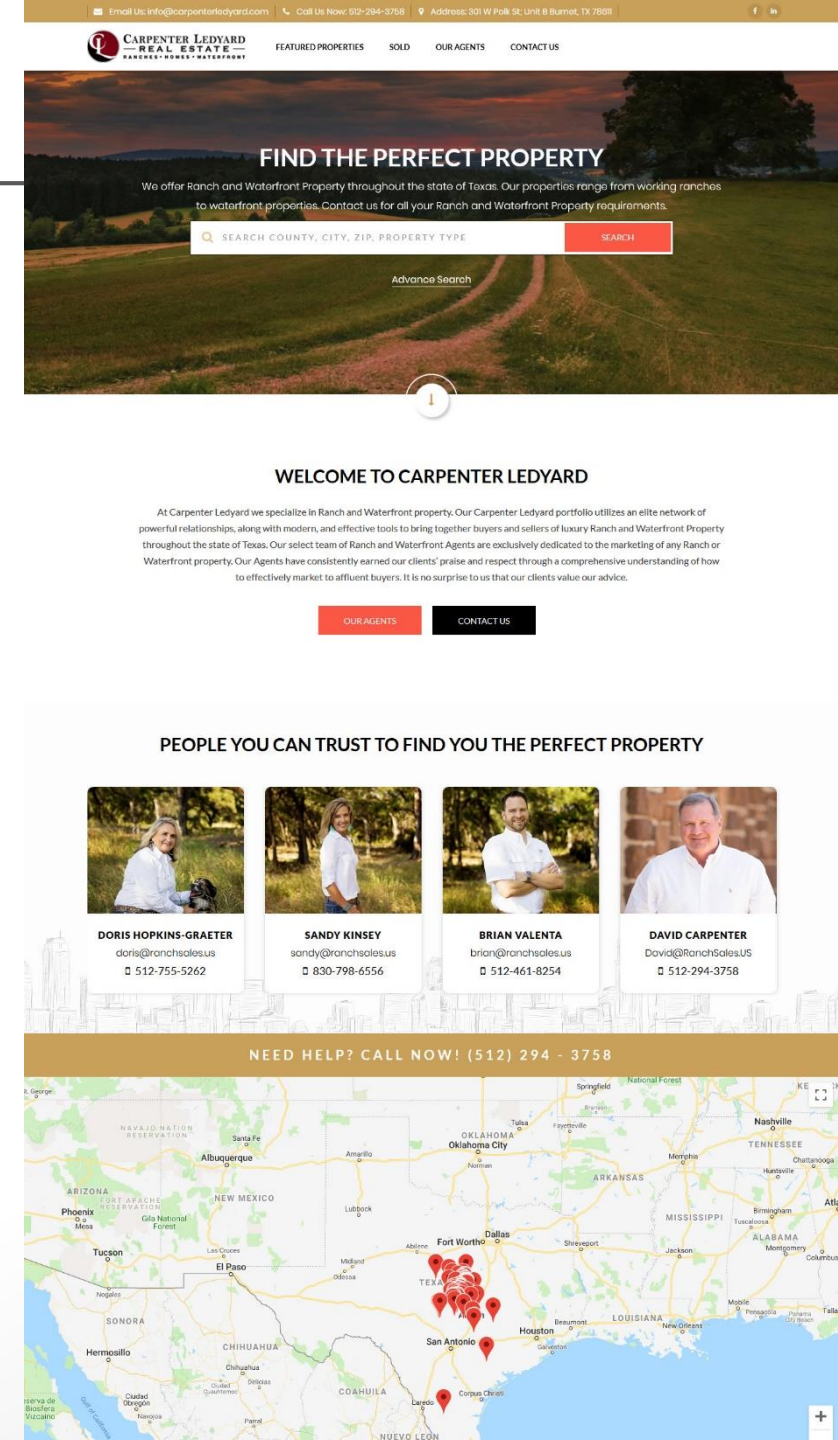

Muhammad Saif Anwar Jappa
Director General PHA Rawalpindi
